## LOCAL BUSINESSES SUPPORTING SCRAPSTORE I

A local artist Gordon Dickinson of 'No Added Sugar' was commissioned by Ross Campbell of npower to produce the piece of art made from waste provided by Npower. The art installation signifies sustainability and climate change, looking at the impact of climate change on the polar- regions. This relationship has enabled us to collect redundant items from npower on a regular basis, helping npower to reduce their waste streams, saving costs of disposal and help with their corporate responsibility.

Other Swindon companies such as Next, Intel Corporation, Audience Systems Ltd are some of our new suppliers and are already supporting Scrapstore with their redundant items and diverting tonnes of redundant items that would usually be sent to recycling.

If you are a business and would like some more information on becoming a Scrapstore supplier, please contact Debbie Bint on 01793 513982 or email [debbie@scrapstore.co.uk](mailto:debbie@scrapstore.co.uk)

## THANKS TO THE GUIDES I

We would like to thank Haydon Wick & Cheney Manor District Guides for kindly donating their time to help decorate the walls of the Scrapstore ! Jacqueline Rylatt-Connock and 10 girl guides came in on two Saturdays in January with paint brushes in hand and did an excellent job of cheering up a few bare walls in our corridor. Thank you to all that attended!
